### **DETAILED ACTION**

The Amendment, filed on January 21, 2005 has been entered and overcomes the rejection of claims 1-3, 6 and 9-16 under 35 U.S.C. § 102(b), and claim 4 under 35 U.S.C. § 103(a).

Cancellation of claim 8 has been entered.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Gencarella on February 9, 2004.

The application has been amended as follows:

#### **In the Claims**

Claim 1 has been replaced with the following text.

An apparatus comprising:

a cap including an aperture and configured to allow an electron to pass through the aperture; and

Art Unit: 2879

a cover assembly including a moveable cover adjacent to the aperture, wherein the cover is configured to lie along the electron path during at least one point in time, the cover assembly further including a gear actuator.

***Allowable Subject Matter***

Claims 1-7,9-16 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest an apparatus having combination of the limitations as set forth in claim 1, and specifically comprising the limitation of cover assembly including a gear actuator.

Regarding claims 2-7 and 9-11, claims 2-7,9-11 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding claim 12, the references of the Prior Art of record fails to teach or suggest an electron gun with the combination of the limitations as set forth in claim 12, and specifically comprising the limitation of cap assembly having means for releasing spring.

Regarding claims 13-16, claims 13-16 are allowable for the reasons given in claim 12 because of their dependency status from claim 12.

Art Unit: 2879

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
